MEMORANDUM FOR: DIRECTOR OF CENTRAL INTELLIGENCE
ATTENTION: Mr. Reber

**HANDLE VIA TALENT
CONTROL SYSTEM ONLY**

SUBJECT: Request for Approval of TALENT Billet (C)

1. It is requested that the following-listed position be approved
as an Army TALENT billet:

Supervisory Electronics Engineer, U. S. Army Signal Intelligence
Agency

2. JUSTIFICATION: Position is Chief of the Missiles and Electronics
Division, USASIA, which Division includes the Missiles and Space Vehicles
Branch. This Branch operates in the Technical Intelligence Secure Area.
As Division Chief, this individual plans and controls the activities and
reviews the output of this Branch, passes on the qualifications of engineers
recruited, and assigns them to billets. The USASIA has the responsibility
for intelligence on foreign equipments and activities corresponding to
those U. S. equipments and activities for which the Chief Signal Officer
has operational, research, and development responsibility. In fulfillment
of this responsibility, the incumbent of the above-listed position has a
need for access to all types of information relating to electronics,
including missiles and space vehicles in order that he may intelligently
and efficiently perform the foregoing duties.
